ANGUL

Larry Duncan

Every day at iLoveToCreate™, a Duncan Enterprises Company, we strive to excel in our purpose of making it easy to experience creativity and the excitement of personal accomplishment. Part of fulfilling this commitment is by providing the highest quality products and services for the many people who have helped – and continue to help – make our company the success that it is today.

As you browse through the pages of our Duncan® Ceramic Arts Creativity Guide, remember that every product, project and featured program has been created with you in mind. Our entire team of professionals – from research and development to production to customer service – is dedicated to making your creative experience one that lasts.

The guide also proudly features a 100% nontoxic, comprehensive line of superior quality ceramic arts products including bisque, color, brushes and tools. But even more than just supplying products, we strive to provide educational, inspirational and professional programs to support them.

Read more about Duncan® University, Contemporary U and our ColorWorks® education program in this book, then visit our interactive website at www.ilovetocreate.com for more information about how we can assist you with your creative needs, whether you're a studio owner, artist, educator or hobbyist. You'll also find fresh, on-trend project inspiration and instructions and have the opportunity to share your unique creations with the rest of our online community.

In this new year of creativity, we hope to continue to inspire you as we move forward in our work toward a more socially and environmentally responsible industry. When you buy a Duncan® Ceramic Arts product, you're investing in more than just a piece of bisque or a bottle of glaze; you're investing in a better, brighter tomorrow, filled with color and creativity.

A handwritten signature in black ink that reads "Larry R. Duncan". The signature is fluid and cursive.

At iLoveToCreate™, every day brings a celebration of personal style and a love of creativity – so much so that we modified our name to reflect this! And no matter what inspires you to create, we strive to offer superior Duncan® Ceramic Arts brand products and programs to help you celebrate the uniqueness of individual expression.

Whether you love classic techniques, contemporary styles, exploring the abstract or nurturing the artistic talents of others, we have something for everyone. Find information and inspiration on every page, then pick up a paintbrush and celebrate the magic of creativity!

CLASSIC

With a history of quality and a passion for creativity, it's easy to see why the Duncan® Ceramic Arts brand is more than just a name.

With consistent, reliable products for greenware and bisque like our Cover-Coat® Opaque Underglazes and E-Z Stroke™ Translucent Underglazes, we hope to continually share our love of beautiful, workable color and to inspire people around the world for many years to come.

Visit www.ilovetocreate.com for product information, inspiration and step-by-step project instructions using all of your Duncan® favorites!

Enrich your life with ceramics education *and* be rewarded for it!
Learn new techniques • Become an expert in Duncan® ceramic products

Gain a wealth of knowledge from Duncan® University
Certified Ambassadors as they share their talent
and extensive experience to guide you
to creative success!

Contemporary

Inspiration has never been easier with quality, versatile products like super smooth Duncan® Oh Four™ Bisque and brilliant Concepts® Underglazes for Bisque and Majolica.

By providing reliable, easy-to-use products and a variety of industry-leading marketing support for studios through our Contemporary U program, we are dedicated to continually making the business of creativity and the excitement of personal accomplishment fun and easy!

Creativity is just a click away! Log on to www.ilovetocreate.com to check out inspirational pieces like our Plate of the Month – created with the latest trends in mind – and to learn more about our smART Club program. Complete with marketing materials, detailed instructions and photos, smART Club features coordinating projects that are fun and easy for children and adults.

Artisan

Reinvent your artistic passion as you experiment and create at the mid-range level.

Specially formulated for cone 5-6 firing, our new Renaissance Glazes™ write poetry with color on stoneware and clay in the greenware or bisque stages. Whether for personal use or higher education ceramic art programs, many Duncan® products are perfect for mid-range fired art. Combine the magic of their unique qualities on your pieces for a gallery worthy finish.

Get inspired! Visit www.ilovetocreate.com and click on the Mid-Range Performance index to see how all of your favorite Duncan® products perform at cone 6.

Family	Characteristics at Cone 6
Crystals Glazes & Crackles Glazes	Semi-gloss to gloss finish. Very fluid. crazing may occur.
Envision Glazes	High gloss. crazing may occur.
French Dimensions	Slight loss of dimension.
Concepts Underglazes	Glossy semi-opaque color. Color shift to deeper or dirtier hue.
E-Z Strokes Underglazes	Slight to medium color shift.
Designer Glazes	Crazing will occur. Creates fluid dark shades.
Courtyard Art Glazes	Crazing will occur. Very fluid and translucent. Color shifts to green and brown tones.
Satin Glazes	Not recommended for cone 6 firing.

* It is recommended to perform a test firing on chosen clay body to view actual results.

Education

Because we believe creative expression and education go hand-in-hand, iLoveToCreate™, proudly offers a variety of products that are perfect for students of all ages. Featuring on-trend and exclusive designs, our super smooth Duncan® Oh Four™ Bisque makes color application simple and consistent when paired with any of our nontoxic, easy-to-apply color families like Envision Glazes® and Concepts® Underglazes for Bisque and Majolica.

Get your students thinking outside the textbook with our FREE Duncan® ColorWorks™ education program!

ColorWorks™

Created to meet National Education Standards, ColorWorks™ incorporates ceramic arts with math, science and language arts lesson plans so students have the opportunity to explore their artistic talents while processing information crucial to their educational development.

Download FREE ColorWorks™ lesson plans at www.ilovetocreate.com for hands-on creativity students will love!
